- Charter Amendment Follow-up

Since the charter amendment failed in the November 5 election, the Board received a memo from Bruce McCandless regarding moving forward with the present structure of Parking, but improving the parking operations. Bruce suggested the Board set up a retreat to discuss strategic planning or goal setting for the short and long term. He would like to report to Council in January on where the parking operations can go or should go.

The Board believes the current parking management structure is not working. The Board scheduled a special meeting on December 4, to discuss this item further, and will invite Dennis Burns, from Kimley-Horn Associates, Inc., or Anne Guest from Missoula's Parking Commission, via conference call, to assist them on what direction to take.
