Volunteers of America- Independence Hall

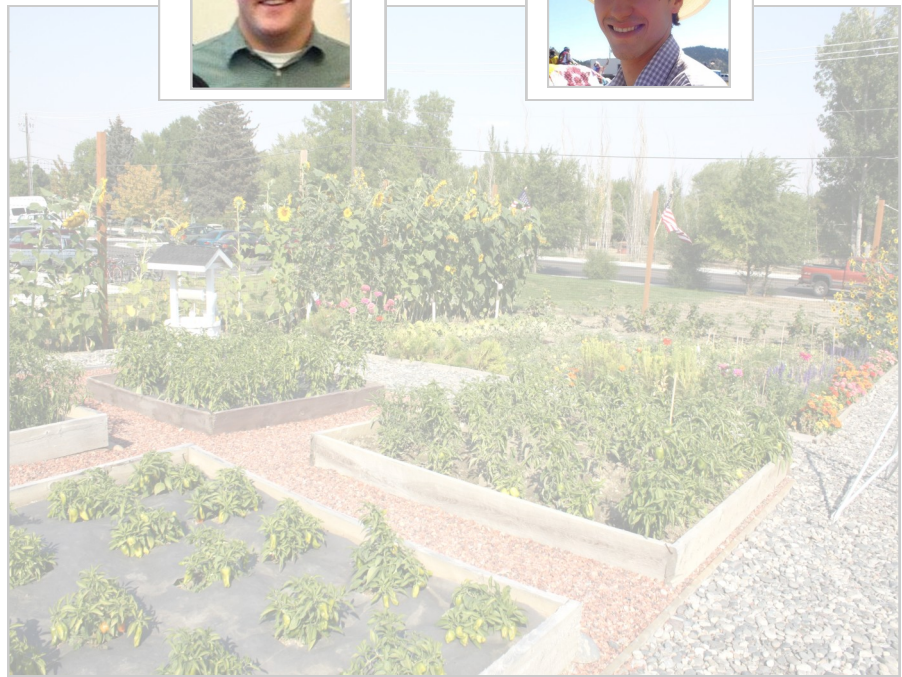

Two Summer Associates served during the summer of 2012 focusing on the following initiatives:

- Veterans Garden
- Volunteer Recruitment & Training
- Education Services

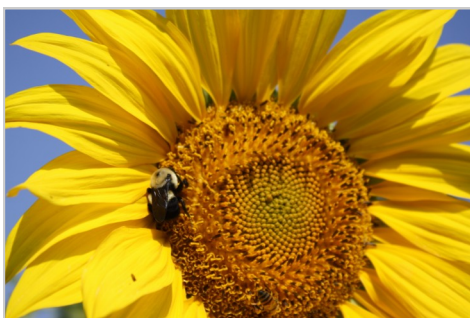

QUICK FACTS:

- Over \$4,000 generated
- 27 volunteers recruited & trained
- 2 new or expanded services developed

Billings Metro VISTA Project played an essential role in making the Veteran's Garden possible.

Grants funded by VISTA members made the funding possible to create a garden at Independence Hall which in turn increased healthy food access for residents. Two VISTA members spent the summer of 2012 planting and further developing the garden with tenants as they also introduced garden education services at the organization.
