- **If approved, applicant builds structure** in accordance with the specifications submitted in the Zoning Compliance Permit, and in compliance with the requirements of the applicable zoning regulations.

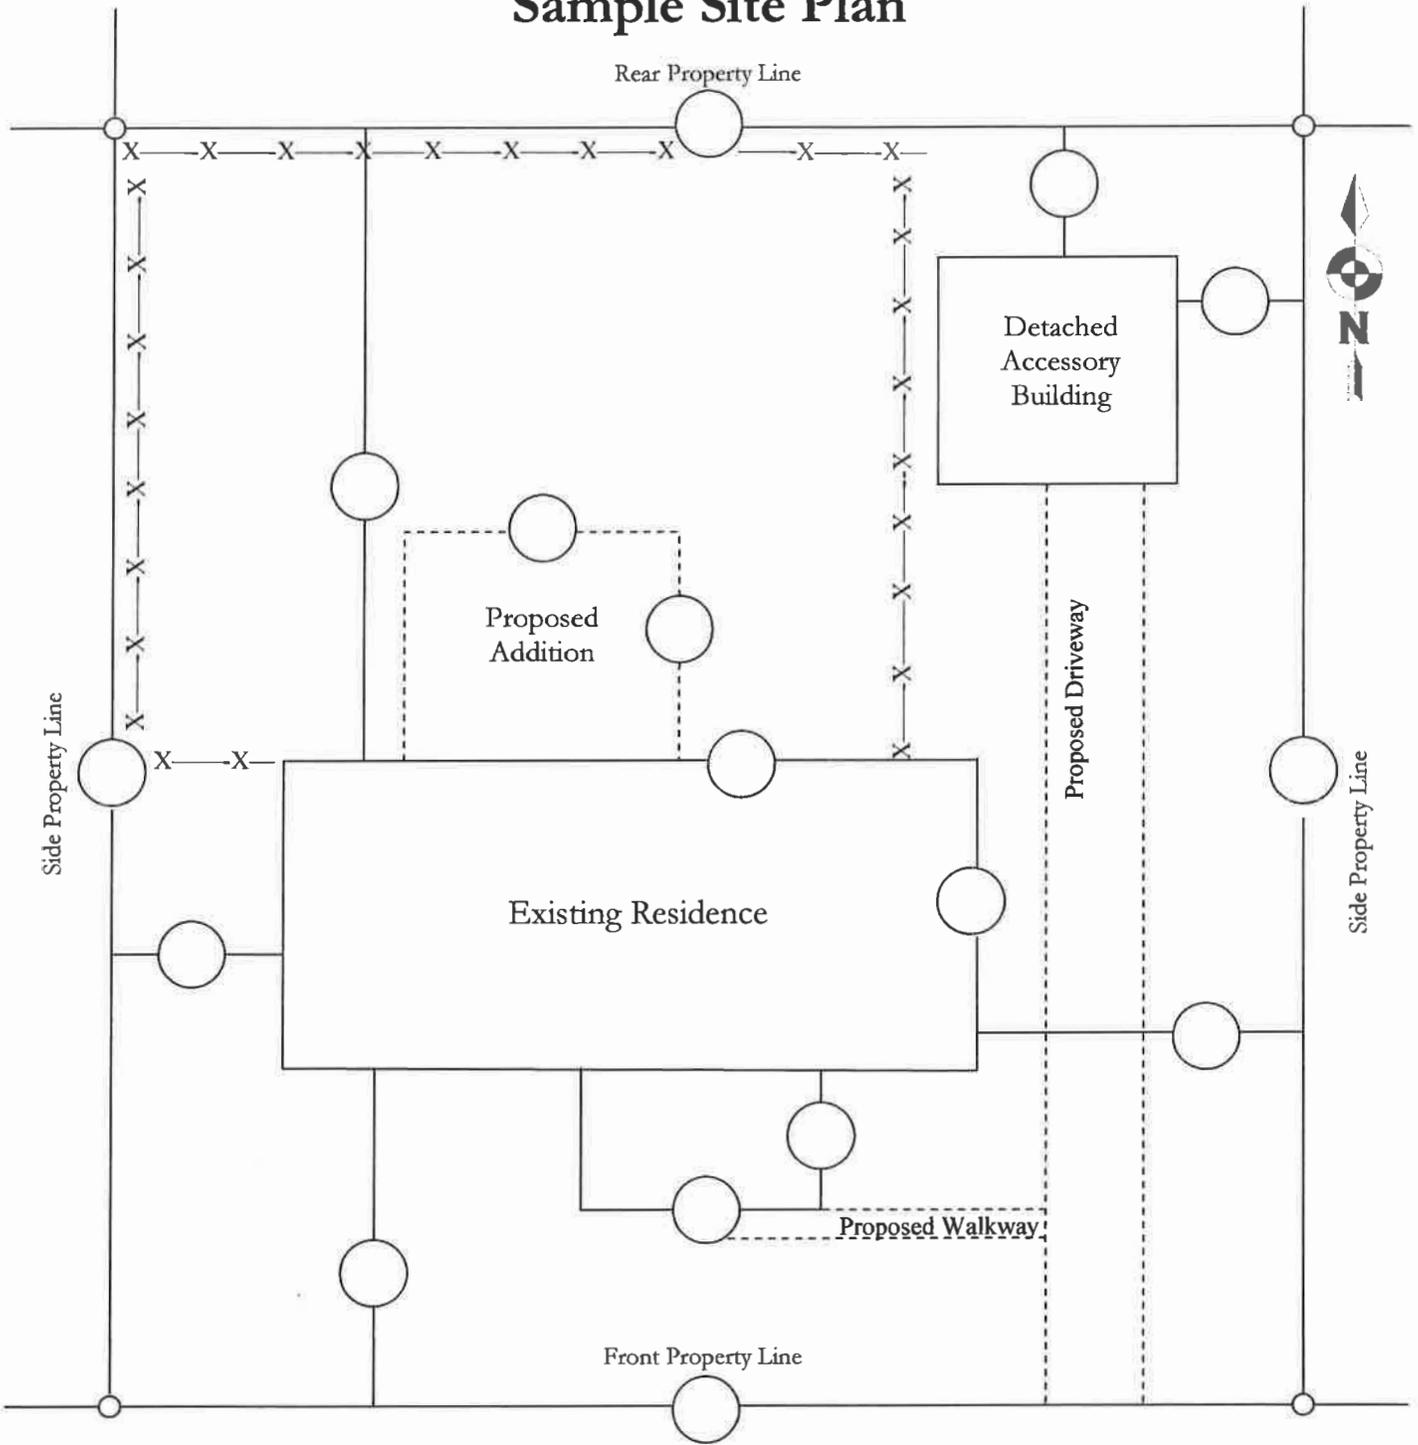

Section 27-623. County Zoning Compliance Permit

A Zoning Compliance Permit is only required for properties that are located outside the limits of the City of Billings but within the Unincorporated Jurisdictional Area.

No change of land use may be made; or no building or other structure shall be erected, moved, enlarged, rebuilt, added to, or structurally altered without first having received a Zoning Compliance Permit issued by the Zoning Coordinator or his/her designee, who shall determine that the permit is issued in compliance with the regulations set forth in this Resolution/Ordinance. The review of a Zoning Compliance Permit application shall be limited only to a review of the applicable zoning regulations and shall not constitute a review of compliance with any applicable building codes. A separate sign permit is required prior to the erection of any sign.

Each application for a Zoning Compliance Permit shall be accompanied by a site plan, building elevations and any other information requested by the Zoning Coordinator to adequately review the proposed project. Additionally, commercial projects require submittal of a landscaping plan and a site plan showing off-street parking, loading, etc. The Board of County Commissioners may set an application fee by Resolution for review of a Zoning Compliance Permit. The Zoning Coordinator or his/her designee may waive the submittal requirements for some of the above mentioned plans. Zoning Compliance Permits are valid for a period of six (6) months from the date of approval and may be extended for an additional six (6) months with written approval from the Zoning Coordinator.
