The assessment for each of the above-mentioned parcels for the Improvements is shown on Exhibit E hereto.

**7.2. Assessment Methodologies Equitable and Consistent With Benefit.** This Council hereby determines that the methods of assessment and the assessment of costs of the specific improvements against the properties benefited thereby as prescribed in this Section 7 are equitable in proportion to and not exceeding the special benefits derived from the respective improvements by the lots, tracts, and parcels to be assessed therefore within the District.

**Section 8. Payment of Assessments.** The special assessments for the costs of the Improvements shall be payable over a term not exceeding 15 years, each in equal semiannual installments of principal, plus interest, or equal semiannual payments of principal and interest, as this Council shall prescribe in the resolution authorizing the issuance of the Bonds. Property Owners have the right to prepay assessments as provided by law. Further, all owners shall have the

opportunity to prepay their assessments prior to sale of the SID bonds.

**Section 9. Method of Financing; Pledge of Revolving Fund; Findings and Determinations.** The City will issue the Bonds in an aggregate principal amount not to exceed \$2,116,000.00 in order to finance the costs of the Improvements. Principal of and interest on the Bonds will be paid from special assessments levied against the properties in the District. This Council further finds it is in the public interest, and in the best interest of the City and the District, to secure payment of principal of and interest on the Bonds by the Revolving Fund and hereby authorizes the city to enter into the undertakings and agreements authorized in Section 7-12-4225 in respect of the Bonds.

In determining to authorize such undertakings and agreements, this Council has taken into consideration the following factors:

(a) **Estimated Market Value of Parcels.** The estimated market value of the lots, parcels, or tracts in the District as of the date of adoption of this resolution, as estimated, by the County Assessor for property tax purposes ranges from \$1,299 to \$2,081,297, and is set forth in Exhibit E. The average market value is \$75,032.90 with the median being \$67,501.00. The special assessments to be levied under Section 7 against each lot, parcel, or tract in the District is less than the increase in estimated value of the lot, parcel, or tract as a result of the construction of the Improvements.

(b) **Diversity of Property Ownership.** There are a total of 157 parcels within the district boundaries. No improvements, public or private, are located on any of the parcels within the District. Twenty-three (21) of these parcels are owned by Ron Hill. Eighteen (18) of these parcels are owned by Schneider Enterprises. Five (5) of these parcels are owned by Bon Angst Development Inc. Five (5) of these parcels are owned by Kincaid Land LLC. The remaining 108 parcels are owned by separate owners.

(c) **Comparison of Special Assessments and Property Taxes and Market Value.** Based on an analysis of the aggregate amount of the proposed, any outstanding special assessments (whether or not delinquent), and any delinquent property taxes (as well as any known industrial development bonds theretofore issued and secured by a mortgage against a parcel in the District) against each lot, parcel, or tract in the District in comparison to the estimated market value of such lot, parcel, or tract after the Improvements, the City concludes that, overall, the estimated market value of the lots, tracts, or parcels of land in the District exceeds the sum of special assessments, delinquent property taxes, and current assessments and is set forth in Exhibit E.

(d) **Delinquencies.** An analysis of the amount of delinquencies in the payment of outstanding special assessments or property taxes levied against the properties in the District shows that of 157 properties, three (3) properties were delinquent which represents 1.9% of the total number of properties in the District, and is set forth in Exhibit E.

(e) **The Public Benefit of the Improvements.** The total estimated cost of installing these public improvements is \$2,116,000.00, the full cost of which would be recovered through direct assessments to property owners within the District. The majority of the properties within the District are zoned R-9600 and Residential Multi-Family. There is one property that is zoned Public, and one zoned R-6000. There are a total of 157 parcels within the District. Of the 157 parcels within the District, 87 parcels are fully developed. This condition is necessary to satisfy the City's Special Improvement District Policy regarding raw land subdivision. The public improvements contemplated under the terms of this proposed District are required by the City Subdivision, Site Development and Zoning Ordinances in order for the parcels to develop.

**Section 10. Reimbursement Expenditures.**

**10.01. Regulations.** The United States Department of Treasury has promulgated final regulations governing the use of proceeds of tax-exempt bonds, all or a portion of which are to be used to reimburse the City for project expenditures paid by the City prior to the date of issuance of such bonds. Those regulations (Treasury Regulations, Section 1.150-2) (the "Regulations") require that the City adopt a statement of official intent to reimburse an original expenditure not later than 60 days after payment of the original expenditure. The Regulations also generally require that the bonds be issued and the reimbursement allocation made from the proceeds of the bonds within 18 months (or three years, if the reimbursement bond issue qualifies for the "small issuer" exception from the arbitrage rebate requirement) after the later of (i) the date the expenditure is paid or (ii) the date the project is placed in service or abandoned, but (unless the issue qualifies for the "small

issuer" exception from the arbitrage rebate requirement) in no event more than three years after the date the expenditure is paid. The Regulations generally permit reimbursement of capital expenditures and costs of issuance of the bonds.

**10.02. Prior Expenditures.** Other than (i) expenditures to be paid or reimbursed from sources other than the Bonds, (ii) expenditures permitted to be reimbursed under the transitional provision contained in Section 1.150-2(j)(2) of the Regulations, (iii) expenditures constituting preliminary expenditures within the meaning of Section 1.150-2(f)(2) of the Regulations, or (iv) expenditures in a "de minimus" amount (as defined in Section 1.150-2(f)(1) of the Regulations), no expenditures for the Improvements have been paid by the City before the date 60 days before the date of adoption of this resolution.

**10.03. Declaration of Intent.** The City reasonably expects to reimburse the expenditures made for costs of the Improvements out of the proceeds of Bonds in an estimated maximum aggregate principal amount of \$2,116,000.00 after the date of payment of all or a portion of the costs of the Improvements. All reimbursed expenditures shall be capital expenditures, a cost of issuance of the Bonds or other expenditures eligible for reimbursement under Section 1.150-2(d)(3) of the Regulations.

**10.04. Budgetary Matters.** As of the date hereof, there are no City funds reserved, allocated on a long-term basis or otherwise set aside (or reasonably expected to be reserved, allocated on a long-term basis or otherwise set aside) to provide permanent financing for the expenditures related to the Improvements, other than pursuant to the issuance of the Bonds. The statement of intent contained in this resolution, therefore, is determined to be consistent with the City's budgetary and financial circumstances as they exist or are reasonably foreseeable on the date hereof.

**10.05. Reimbursement Allocations.** The City's financial officer shall be responsible for making the "reimbursement allocations" described in the Regulations, being generally the transfer of the appropriate amount of proceeds of the Bonds to reimburse the source of temporary financing used by the City to make prior payment of the costs of the Improvements. Each allocation shall be evidence by an entry on the official books and records of the City maintained for the Bonds or the Improvements and shall specifically identify the actual original expenditure being reimbursed.

**Section 11. Public Hearing Protests.** At any time within fifteen (15) days from and after the date of the first publication of the notice of the passage and approval of this resolution, any owner of real property within the District subject to assessment and taxation for the cost and expense of making the Improvements may make and file with the City Clerk until 5:00 p.m., M.T., on the expiration date of said 15-day period (April 9, 2004), written protest against the proposed Improvements, or against the extension or creation of the District or both, and this Council will at its next regular meeting after the expiration of the fifteen (15) days in which such protests in writing can be made and filed, proceed to hear all such protests so made and filed; which said, regular meeting will be held on Monday the 12<sup>th</sup> day of April 2004, at 6:30 p.m., in the Council Chambers, at 220 North 27<sup>th</sup> Street, in Billings, Montana.

**Section 12. Notice of Passage of Resolution of Intention.** The City Clerk is hereby authorized and directed to publish or cause to be published a copy of a notice of the passage of this resolution in the Billings Times, a newspaper of general circulation in the county on March 25 and April 1, 2004, in the form and manner prescribed by law, and to mail or cause to be mailed a copy of said notice to every person, firm, corporation, or the agent of such person, firm, or corporation having real property within the District listed in his or her name upon the last completed assessment roll for state, county, and school district taxes, at his last-known address, on or before the same day such notice is first published.

PASSED AND ADOPTED by the City Council of the City of Billings, Montana, this 22<sup>nd</sup> day of March 2004.
