AGENDA

Project Re:Code

Landscape Working Group Meeting

October 29, 2018

10:30 a.m.

2825 3rd Avenue North, 1st Floor Conference Room

1. Public Comments

2. Review notes from last meeting

3. Discussion on parking lots, sort out some details

Distance between parking lots trees, is it 108 feet; no parking stall more than 108 feet from a tree, so they would be spaced 216 feet apart in a parking lot? Or is it no more than 108 feet between parking lot islands?

Allowed fence material. Sight obscuring fence generally does not include chain link but chain link can have slats installed that obscure visibility.

4. Discussion on native grasses and height limits if any.

Current code doesn't allow anything over 12 inches. So if someone wants to do a native grass/flower meadow it all has to be 12 inches or shorter. If allowed how do regulations handle noxious weeds that will come up in the mix on their own?

5. Set Next Meeting Date and Time (Wednesday, November 28, 3 pm)

6. Adjourn
