

City of Billings Bicycle Parking Application

Downtown Billings Bicycle Parking Program

Bicycle parking is an important element to downtown Billings' transportation system. Providing parking for bicycles near employment, retail and cultural destinations ensures reasonable options for this non-motorized mode of transportation. Bicycle parking is good for business, increases ridership, offers an alternative to driving, and decreases the demand for automobile parking.

The City of Billings would like to thank the Bike and Pedestrian Advisory Committee and the following sponsors for their support of the most recent round of bike parking: Montana Office of Tourism and Business Development, Atomic Industries, Downtown Billings Alliance, Visit Billings, Billings TrailNet, and Pedal United.

How do I apply for bicycle parking?

It is very simple and inexpensive to get bike parking in the public right-up-way. The first step is to submit this application to the City of Billings Planning Division. The Planning Division, Public Works Engineering and the Montana Department of Transportation (State routes) will review the application and notify the applicant if the location is approved. If approved, the City of Billings and the Downtown Billings Alliance will install the bike parking facility in accordance to the Downtown and Right of Way Bicycle Parking Guidelines and Bike Rack Master Plan Locations Map. More information can be found at

www.bikebillings.com

"Billings, Montana's Trailhead" racks are currently being manufactured and are expected to be ready in May 2019.

Contact Information

Property Owner Information

Name: _____

Email: _____

Applicant Information (best contact)

Business & Name: _____

Bike Parking Location Requested

Address: _____

Location Characteristics

Are there existing bike staples or racks on the same side of the block as the requested location?

_____ Yes _____ No

If yes, what type (i.e. city bike staple, private company, other) _____

There is a one-time fee of \$50/bike facility fee charged to the applicant. This fee helps continue the bike parking program, bike facility maintenance and installation.

Please note that the bike racks installed by the Downtown Billings Partnership or the City of Billings are the property of the City of Billings and any concerns or maintenance needs should be directed to the City of Billings Planning Division at 247-8676.

This application can be returned to the City Planning Division, Attn. Elyse Monat, 2825 3rd Ave. North, 4th Floor, Billings, MT 59101. Installation can take up to 30 days. Currently, a limited number of racks are available so applications will be approved on a first come, first served basis.
