

FOR IMMEDIATE RELEASE

April 15, 2021

MEDIA ADVISORY

The MetraPark Advisory Board is pleased to announce a series of live and virtual public listening sessions and workshops to gather public input on the proposed MetraPark Master Plan. Members of the public will have the opportunity to react to conceptual drawings, respond to options for new facilities, and offer comment on priorities for the future of MetraPark. These sessions are the first in a series of public events to allow Yellowstone County residents to participate in the future of MetraPark.

Participants attending sessions in person must follow facility requirements regarding face coverings at all times and abide by physical distancing and personal hygiene guidelines. Persons who are feeling ill should not attend in-person sessions.

Questions about the public engagement sessions can be directed to Tim Goodridge, Assistant General Manager, MetraPark, at 406-256-2414 or to metrapark@gmail.com.
