Billings Public Library

Many people assist the Library as volunteers, and the Library is very grateful for their help. Volunteers perform several activities, including helping with shelving, assisting at children's activities or adult programs, offering tours of the library, preparing new materials for the shelves and more. You can find an option that suits your style and the time you have available. Some positions may not be available at a time. Library volunteers may be required to pass background checked before receiving an assignment. [Volunteer at the Billings Public Library](#)
